

**PIENAAR ENERGY (PTY) LTD**

# **New energy battery cabinet 2 2kWh specification**

## Overview

---

Up to 18 kWh energy capacity per cabinet. 5 kW max continuous power and 236 LRA when configured with two battery cabinets to start multiple air conditioners. Generac empowers installs to succeed with a lead-driven path to business growth, backed by a national network of expert sales, installation, and support during an outage. Integrated power control systems (PCS). Works with select Generac standby generators and ecoBoost<sup>™</sup> (20. SigenStor is an AI-optimized 5-in-one energy storage system that brings your solar dream to reality, helping you achieve energy independence with maximum efficiency, savings, flexibility and resilience. Unique NiZn benefits include: ZincFive batteries were tested at the cell level to UL9540A, a Test Method. Major commercial projects now deploy clusters of 15+ systems creating storage networks with 80+MWh capacity at costs below \$270/kWh for large-scale industrial applications. Technological advancements are dramatically improving industrial energy storage performance while reducing costs. This state-of-the-art tabletop cabinet features multiple layers of advanced shielding, specifically designed to reduce the risks of battery fires and thermal runaway.

## New energy battery cabinet 2 kWh specification

---

### Specification Sheet

PWRcell 2 Battery Cabinet Can be configured for 9-18 kWh of storage capacity using 3.0 kWh battery modules.
