

PIENAAR ENERGY (PTY) LTD

Njirumud Off-Grid Solar Container Waterproof Type

Overview

The durable container design is completely waterproof, protects you and your equipment from the elements and any potential security threats. With NO assembly required you can have your own storage, living space or workspace ready in just a few hours. Comprising solar panels, batteries, inverters, and monitoring systems, these containers offer a self-sustaining power solution.

Solar Panels: The foundation of solar energy containers, these panels utilize photovoltaic cells to convert sunlight into electricity.

Small Basic Cabin Example: Maximum safety utilizing the safe type of LFP battery (LiFePO4) combined with an intelligent 3-level battery management system (BMS); How can a mobile energy storage system help a construction site?

Integrate solar, storage, and charging stations to provide more green and low-carbon energy. Designed for rapid deployment and all-terrain applications, this.

Njirumud Off-Grid Solar Container Waterproof Type

Njirumud Mobile Energy Storage Container Waterproof

Integrate solar, storage, and charging stations to provide more green and low-carbon energy. On the construction site, there is no grid power, and the mobile energy storage is used for power supply.
