

PIENAAR ENERGY (PTY) LTD

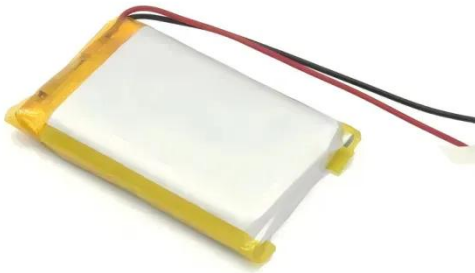

Off-grid supplier of telecom energy storage cabinets for farms

Overview

With 14 years of specialized energy storage R&D and customization solutions, Topband delivers advanced mobile energy storage systems, energy storage cabinets, battery swapping stations, and tailored energy solutions for smart farms, manufacturing facilities, and commercial complexes. TOPBAND's energy storage microgrids pair LiFePO₄ batteries, modular hybrid ESS, and smart EMS to deliver scalable power from solar, wind, or the grid. Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid. GSL ENERGY farm energy storage solutions are designed for agricultural production, utilizing high-efficiency lithium battery technology to store solar and wind energy and ensure stable power supply for key equipment such as irrigation, lighting, and cold storage. Continuous power availability ensures network uptime and service quality in remote locations, even during grid failures or low sunlight. By integrating solar modules. MOBICELL cabinets deliver clean, autonomous power in a compact, stationary footprint — built for sites where reliability matters as much as space efficiency.

Off-grid supplier of telecom energy storage cabinets for farms

Outdoor Photovoltaic Telecom Energy Cabinet

By integrating different renewable and utility sources of power, the cabinet ensures off-grid or hybrid power supply with dependability to telecommunication infrastructures.

ENERGY STORAGE SYSTEM

Product Model
 HJ-ESS-215A(100KW/215KWh)
 HJ-ESS-115A(50KW/115KWh)

Dimensions
 1600*1280*2200mm
 1600*1200*2000mm

Rated Battery Capacity
 215KWH/115KWH

Battery Cooling Method
 Air Cooled/Liquid Cooled

Off grid energy storage system

Our off-grid energy storage systems are designed to bring clean, uninterrupted electricity to remote locations with no grid access. Whether you're powering a cabin, farm, island, or mobile operation, we ...
