Photovoltaic bracket foundation U-shaped bolt

Photovoltaic bracket foundation U-shaped bolt

U-shaped Steel Bracket

The U-channel bracket is a core load-bearing component in photovoltaic power stations, specifically designed to support the installation of PV modules. Constructed from high-strength steel or aluminum ...

Application of U-bolts in photovoltaic support systems

U-bolts are key fasteners in photovoltaic bracket systems, mainly used to fix photovoltaic modules to supporting structures (such as columns, beams or rails).

Photovoltaic Hot-DIP Galvanized U-Bolt Embedded

Parts

U-shaped bolts adopt a special design and are U-shaped, with greater shear strength and load-bearing capacity. They provide a stable connection and are suitable for joining structural members such as ...
