

PIENAAR ENERGY (PTY) LTD

Photovoltaic energy storage system GoodWe

Overview

New three phase ESA all in one system integrates solar, storage and energy management in a single modular solution. Designed for easy installation and flexible expansion up to 108 kWh of storage and 30 kW of power. Exploring and utilizing smart technologies and advanced expertise, Goodwe is relentless about offering users residential & small C&I storage solutions to protect users from rising electricity costs. Targets residential and small commercial and industrial users seeking energy. GoodWe, a world-leading PV inverter manufacturer, boasts a strong legacy of excellence and innovation since its inception in 2010. Over the years, the company has solidified its position as a prominent player in the global solar industry, exemplified by its listing on the prestigious Shanghai Stock. Following the strong market response to its single-phase ESA Series, GoodWe today announced the launch of its new three-phase All-in-One solution designed for residential and small commercial and industrial applications.
