

**PIENAAR ENERGY (PTY) LTD**

# **Photovoltaic inverter shipment data fraud**

## Overview

---

First reported by Reuters on , experts confirmed these hidden cellular radios are real, but as of this writing there is no confirmed case of exploitation, sabotage, or data exfiltration. Meta Description: Exposing the \$2. 3B photovoltaic inverter fraud crisis: Learn how counterfeit components, data manipulation, and warranty scams threaten solar projects globally. Discover prevention strategies and industry responses [2025 data included]. You know that shiny new solar array. Full hybrid or just co-located?

Cyble researchers scanned web for solar PV devices and found over 134,000 products from various vendors accessible. Exposed assets may not be vulnerable or misconfigured, but some interfaces allow unauthenticated access. energy grid relies on a device few people ever consider: the power inverter. experts found undocumented communication modules and secret radios embedded in some Chinese-manufactured solar inverters and battery systems. It is a sad fact of the solar industry that some salespeople travel through neighborhoods knocking on doors dressed in a way or using certain.
