# **Photovoltaic panel contracting qualifications**

## Overview

---

IREC's National Solar Licensing Database provides the latest licensing, certification, and other requirements impacting the solar industry. The North American Board of Certified Energy Practitioners (NABCEP) is a nationally-recognized, independent, voluntary certification program for photovoltaic (PV) and solar-heating system installers, that can be earned to demonstrate specific skills or knowledge. Since 2007, NABCEP's PV Installation Professional Certification has met the vigorous standards for accreditation under the ISO/IEC 17024:2012 General Requirements for Bodies Operating Certification of. While solar panel installation may not seem very different from other types of jobs in the electrical wiring industry, it does require specialized solar technician training.
