

## PIENAAR ENERGY (PTY) LTD

# Photovoltaic panels light up the bathroom

## Overview

---

Choose solar-powered lights with high lumens for effective illumination in your bathroom. Transforming your bathroom into an eco-friendly living space with solar-powered lights is easier than you might think! I love installing solar-powered vanity and ceiling lights to save on energy costs while adding a stylish touch. Incorporating sconces and LED strip lights creates a warm ambiance. To enhance your bathroom with smart home features, consider using solar-powered lights for various applications.
