

**PIENAAR ENERGY (PTY) LTD**

# **Photovoltaic power station bracket fixing solution**

## Overview

---

The answer lies in flexible bracket photovoltaic panel fixing – a game-changer for solar installations in challenging environments. Unlike traditional rigid mounts, these adaptable solutions open up new. The Shielden rooftop photovoltaic power station bracket system is a highly pre-assembled roof bracket system suitable for the construction needs of large-scale factory rooftop power stations. Highly pre-assembled structure, easy and fast installation. Sun-Age has been by your side since 2008 for fixing photovoltaic systems and solar energy panels, with the design and production of bent tile, flat tile and sheet metal mounting brackets. Future Energy Steel offers a wide range of high-quality photovoltaic brackets specifically engineered for modern solar energy systems. Designed for durability and precision, our brackets ensure stability and efficiency in residential, commercial, and industrial applications. The product range includes a wide range of consecutive modules in each row and 8 modules per row).
