RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. We are a professional manufacturer of integrated solar container systems. SolaraBox solar containers enable customers to achieve greater energy independence and reduce carbon emissions. Modular cold rooms offer flexibility and scalability, allowing for customization based on specific storage needs. LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar. Our foldable solar containers combine advanced photovoltaic technology with modular container design, delivering rapid-deployment, off-grid renewable energy with industry-leading efficiency.
