

PIENAAR ENERGY (PTY) LTD

Solar container battery discharge unit

Overview

DV Power's Battery Discharge Container System (BDCS) is a specialized solution for the safe and efficient discharge of battery packs prior to recycling. Designed to operate within a secure 10-foot container, the BDCS enables outdoor discharge operations, ensuring both safety and ease. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. A mobile solar container is a factory-built, transportable unit that integrates solar panels, battery storage, and power controls—providing plug-and-play, rapid-deploy clean electricity for remote sites, events, and emergency response. The unit is designed to be fully scalable to meet your storage requirements. 5. Rapidly deploy this solar generator from transport to full operation with just 6 personnel and no heavy construction. Advanced LFP battery systems with intelligent BMS for reliable 24/7 power. Unlike standard solar panel containers, LZY's mobile unit features a retractable solar panel unit for quick installation.
