

**PIENAAR ENERGY (PTY) LTD**

# **Solar container outdoor power that can be charged continuously**

## Overview

---

A mobile solar container is essentially a containerized portable solar power system that can be transported to remote or off-grid areas. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. MOBIPOWER containers are purpose-built for projects where energy demands go beyond what a trailer can deliver. These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity fuel cells — with optional diesel redundancy when regulatory or client. Do you need solar panels to charge this?

DELTA 2 can be charged using a standard wall outlet with the included AC charging cable. It can also be charged from a car's 12V outlet. These solar kits provide clean, renewable energy combined with efficient battery storage to power your devices anywhere. It's road-ready and quick to.

## Solar container outdoor power that can be charged continuously

---

### Battery Generator DELTA 2 Solar Generator, 1800W

Peak output continuous Delta Start Portable Power Station for outdoor from EcoFlow is suitable to replace with an e-gift card or repair your product during coverage period.
