

PIENAAR ENERGY (PTY) LTD

Solar mobile lighting in the democratic republic of the congo

Overview

If you're searching for the best solar lighting provider in DRC/Congo, you've come to the right place. We specialize in delivering high-quality, reliable, and affordable solar lighting solutions that are specifically designed to meet the unique challenges of the. In 2024, Congo Energy, Sunna Design's local partner, led the installation of over twenty solar streetlights in the parking lot of Silikin Village's campus in Kinshasa. Initiated by the TEXAF group, Silikin Village is a space designed to promote innovation and entrepreneurship in the Democratic Republic of the Congo. We supplied a solar street lighting system consisting of over 1050 units in Kinshasa, Democratic Republic of the Congo (DRC), lighting up the prestigious main road from the airport right through the city. Our local agent, Mr Martin Müllner, with whom we keep on developing tailor made solar. Alternatively, many households find solutions in the form of solar home systems (SHS) which provide affordable, clean and reliable electricity where grid or mini-grid connections are not feasible. A solar farm operates on , in Bulengo, a neighborhood near Goma, Congo. (AP Photo/Moses Sawasawa) GOMA, Congo (AP) — Street lights erase the shadows where attackers once hid. New businesses are taking root.
