

PIENAAR ENERGY (PTY) LTD

Solar panels supplied directly from manufacturers

Overview

Yes, you can buy solar panels directly from the manufacturer—if you know what to expect and how the process works. Direct purchasing appeals to homeowners, installers, and businesses aiming to save money or customize their solar solutions. But buying direct isn't always straightforward. The result can be tighter control over specifications, potential cost advantages, and a more streamlined warranty and support experience—especially for turnkey. At US Solar Supplier, we pride ourselves on delivering top-quality products and exceptional service to solar professionals and homeowners alike. Here's what our customers have to say about their experiences with us. US Solar Supplier supplied our new set of BSM370M-60HPH. Their shipping option was. Local pickup saves significantly: Choosing retailers with local pickup options can save \$50-\$200 per order while eliminating the 20% shipping damage risk that affects freight deliveries of solar panels. Price ranges vary dramatically by source: Solar panel costs range from \$0.
