

## PIENAAR ENERGY (PTY) LTD

# South Korea Hybrid Energy Storage Power Generation Project

## Overview

---

The project will be South Korea's first fuel cell hydrogen power plant. It will utilize a 900MW hydrogen plant in conjunction with 300MW of battery energy storage to support the operations of a large-scale data center. 7m) Gyeongju Gangdong Hydrogen Fuel Cell Power Generation Project, launched on 25 September, is being delivered through the Regional. South Korean state utility Korea Southeast Power and EPC firm Samsung C&T have signed a Memorandum of Understanding (MoU) with the Chungnam regional government to develop the "Dangjin Green Energy Hub," a hydrogen fuel cell power plant linked to a data center. Discovering and tracking projects and tenders is not easy.
