

PIENAAR ENERGY (PTY) LTD

Southeast grid photovoltaic bracket market share

Overview

The latest S&P Global Market Intelligence Power Forecast calls for solar to expand substantially in the region, accounting for 11% of total generation output in 2033 across the seven states making up the US Southeast. The Southern Alliance for Clean Energy is a nonprofit organization that promotes responsible and equitable energy choices to ensure clean, safe and healthy communities throughout the Southeast. As a leading voice for energy policy in our region, SACE is focused on transforming the way we produce. Long passed over in favor of states with ambitious renewable targets, the sunny US Southeast is emerging as one of the next grid-scale US photovoltaic El Dorados as highly remunerative, Inflation Reduction Act-boosted forecast solar financials compel renewable developers to the region in the next. The global photovoltaic (PV) bracket market is poised for significant expansion, driven by increasing worldwide adoption of solar energy solutions. 47 million in the base year 2025, is projected to achieve a Compound Annual Growth Rate (CAGR) of 17.9%, reaching. Photovoltaic Bracket Market size is estimated to be USD 4.2% during the forecast period.
