

**PIENAAR ENERGY (PTY) LTD**

# **Suriname 2025 energy storage project**

## Overview

---

Suriname's project attracted three competing bids from major Chinese and European contractors—a first for Caribbean energy tenders. With construction starting in Q3 2025, the project aims to create 800 local jobs while training 200 technicians in battery maintenance. GranMorgu project offshore Suriname. The 2025 ESP is aligned with these new realities. How can the oil and gas industry fit into the development of the energy sector while meeting environmental targets?

1APA Corporation. 2024. Progress is being made, and Suriname launched its Electricity Sector Plan (ESP) 2025–2044 on May 15th, 2025. With global battery storage demand projected to triple by 2030 [1], this \$220 million initiative positions the country as a testbed for scalable renewable solutions in tropical climates. Let's. Technology group Wärtsilä will supply a 7. This is the first utility-scale energy storage system to be built in Suriname and Wärtsilä's first energy. In the past two years alone, Suriname has attracted over \$200 million in renewable energy investments – and Suoying Energy Storage projects are at the heart of this green revolution [1] [4].
