

**PIENAAR ENERGY (PTY) LTD**

**Temporary BESS uninterruptible  
power supply large quantity in  
stock**

## Overview

---

We rent a full range of trailer-mounted containerized UPS power systems from 160 kVA to 1200 kVA. Portable battery energy storage systems (BESS) serve as a reliable temporary power solution where grid access is limited, unstable, or unavailable. From remote construction sites and live events to disaster zones, a BESS ensures you have the power to operate essential equipment when and where it's. Global Power Supply offers a comprehensive portfolio of Uninterruptible Power Supply (UPS) systems sourced from leading manufacturers to support the most demanding critical power applications. These devices are reliable and effective, eliminating the issues commonly encountered with traditional emergency response temporary power solutions. They provide power backup and conditioning services that prevent damage to mission-critical equipment such as servers, telecommunications, medical equipment, emergency lighting, process controls, and other essential systems. Access Electric offers expert design.
