

PIENAAR ENERGY (PTY) LTD

The strongest solar telecom integrated cabinet lead-acid battery company

Overview

Power-Sonic offers front-terminal VRLA, tubular gel, and high-capacity 2V batteries designed specifically for telecom networks, ensuring high reliability, long service life, and easy maintenance in standard 19"/23" racks. For over a century, C&D Technologies has led the way in energy storage solutions across data centers, telecommunications, infrastructure, and renewable energy markets. We are dedicated to delivering high quality, safe, and reliable, cost-effective power storage products and services that ensure. The global lead acid battery market reached a value of US\$ 34. They are connected by the electrolyte to generate electricity through electrochemical. Reliable telecom battery solutions for backup, grid independence, and network uptime - anywhere, anytime. Ensure uninterrupted voice, data, and network performance with advanced, long-life battery systems. Click the application to see the products that meet these requirements best. Operating under the Clarios brand, the company supports a diverse range of industries, including automotive, renewable energy, and industrial. GSL Energy delivers scalable, modular LiFePO4 rack and stackable batteries tailored for residential solar, telecom backup, and data center power solutions.

- LiFePO₄ Battery, safety*
- Wide temperature: -20~55°C*
- Modular design, easy to expand*
- The heating function is optional*
- Intelligent BMS*
- Cycle Life: > 6000*
- Warranty: 10 years*

C & D Technologies , Home

C& D Technologies manufactures battery and energy storage solutions and services for telecom, data centers, utilities, UPS, cable, broadband, and renewable energy companies.
