

PIENAAR ENERGY (PTY) LTD

Uganda local outdoor solar power hub

Overview

Designed as a replicable model, the hub integrates off-grid solar power to charge e-bike batteries and supply energy to workshop equipment, contributing to emission reduction targets while improving access to sustainable transport. Building local capacity and long-term impact. The Ugandan government has signaled its support for solar energy by removing the Value Added Tax (VAT) on solar products, creating a favorable investment climate. The country also benefits from excellent solar irradiation, averaging 5.1 kWh/m²/day, making solar a technically sound solution. Orii Energy is committed to ensuring that rural communities in Central Uganda have access to clean, reliable, and affordable electricity through solar power. Uganda's population stands at 41 million, with 27 percent living in urban areas. Uganda has one of the youngest and most rapidly growing. Uganda, a landlocked nation in East Africa, is rich in natural resources and has a diverse ecosystem that supports various forms of renewable energy. This. The 24 MWp Ituka solar photovoltaic project will be the first solar PV project in the West Nile region. The project financing was secured during COP28 with Emerging Africa Infrastructure Fund. 756, Masaka Road, Ndeeba, Kampala. Kira road, Kamwokya, Kampala, Uganda Expert electrical installations and reliable service.

Uganda local outdoor solar power hub

Bringing Solar Power to Rural Communities in Central Uganda

Our goal is to power 50,000 homes and institutions with solar energy in the next five years, driving sustainable development and energy independence. Join us in lighting up rural Uganda! Partner, ...
