

**PIENAAR ENERGY (PTY) LTD**

# **Vanuatu Wind Solar and Storage Project**

## Overview

---

The project aims to support the use of solar power and battery storage on the islands of Efate and Tanna, boosting Vanuatu's energy independence and climate resilience. As a Small Island Developing State in the south western Pacific, Vanuatu faces a series of challenges due to its small size, remoteness, and vulnerability to climate change impacts and economic shocks. The project is set to be financed through the Port Vila Concession tariff for the 2020-2025 period. This article explores the technical, economic, and environmental benefits of this hybrid approach, backed by real-world data and case studies.

**Summary: Vanuatu.** Vanuatu is accelerating its shift towards a low-carbon future, integrating the principles of just transition into national energy and climate strategies, with a strong focus on renewable energy, green transport, and local skills development. Acting Director of Climate Change, Nelson Kalo, said the.
