

PIENAAR ENERGY (PTY) LTD

Vision Photovoltaic Panels English

Overview

The Vision Module System is a cutting-edge solution that combines renewable energy integration with state-of-the-art design. Exceptional durability, reliable. Note: In July 2024, SunPower notified dealers it would be halting all new shipments and project installations. They are robust and resilient. Unfortunately, the company doesn't have the best track record when it comes to customer. Our popular Panel vision M module is now available in power classes up to 480 Wp. Featuring Glass-Glass design and bifacial TOPCon half-cell technology, this module delivers up to 615 Wp of power and 22.
