## Overview

---

The Powin- Monterrey Microgrid – Battery Energy Storage System is a 12,000kW energy storage project located in Mexico. The project was announced in 2017 and was commissioned in 2018. Mexico Geothermal. pany operates a state-of-the-art manufacturing plant near Monterrey, Mexico. Opened in September 2016, the plant at full capacity can manufacture up to 400,000 small cars annually for the North America and Latin America markets. Pre-fabricated containerized solutions now account for approximately 35% of all new utility-scale storage deployments worldwide. Project: Description: Location: Status: Mexican green hydrogen Phase 1 would convert Tarafert urea project to green ammonia by using green hydrogen, renewable energy. Monterrey, Mexico's industrial powerhouse, faces unique energy challenges. Factories, manufacturing hubs, and renewable projects require customized energy storage cabinet containers to stabilize power supply, reduce costs, and meet sustainability goals.
