Which type of insurance is suitable for photovoltaic panels

Overview

Solar panel insurance is a type of coverage specifically designed to protect solar panels installed on your property. This type of insurance helps cover the costs of repairing or replacing your solar panels if they are damaged or destroyed by covered perils, such as storms, fire. Coverage varies dramatically by installation type: Roof-mounted panels are typically covered under dwelling coverage with higher limits, while ground-mounted systems fall under “other structures” coverage limited to just 10% of your dwelling coverage—potentially leaving expensive systems. In most cases, your homeowners policy will cover roof-mounted solar panels, but coverage limits, exclusions, and premiums can vary widely. The right.
